Introducing

CASTECH 3D

Fortus 450MC Printer

Latest technology for speed, performance and accuracy in 3D printing

Castech is a privately owned company based in the Adelaide suburb of Wingfield, South Australia. Castech is a modern foundry that supplies engineering based industry with high quality, competitively priced ferrous and non-ferrous castings that are delivered on time. Castech has now embraced the latest technology and invested in the newest cutting edge 3D printer enabling us to transform your ideas into reality.

3D printing can be used for:

- ✓ Rapid Prototyping
- ✓ Concept Models
- ✓ Jigs and Fixtures
- ✓ Production Parts
- ✓ Foundry Patterns and Coreboxes
- ✓ Props for Theatre and Movie Sets
- ✓ Vacuum Moulds

Our 3D printers can print objects as large as **406mm x 300mm x 406mm** or split parts into joint sections.
